# PUBLIC SERVICE—OFFICIAL DOINGS

**SUMMARY OF THE DAY.**  
The official canvass by the City Council and Board of Trustees declared consolidation with San Pedro legally completed yesterday.  
Justice Rose presided valiantly with the cases of forty-one drunks in the Police Court yesterday, and disposed of all. The other three justices were not in court.  
John Green Mackie, the young son of John Green Mackie, alleged embezzler, extradited to Ohio last week, was sent East last night by Judge Wilbur, to his mother at Cincinnati.  
Judge Davis yesterday signed the certificate of probable cause in the Gertrude Driggs case, which will appear as a stay of execution of her five-year sentence until the Appellate Court has an opportunity to pass upon her case.

## AT THE CITY HALL. SAN PEDRO NOW IN THE CITY.

OFFICIAL CANVASS EFFECTS LEGAL CONSOLIDATION.

Officials of the Harbor Municipality to Retain Authority Until Next Tuesday, When the Council Will Assume Jurisdiction—Callahan Anxious to Design Ferry System.  
Los Angeles and San Pedro were officially declared consolidated at a joint convention of the Council and Trustees of the two cities yesterday. The law requires the governing bodies of cities consolidating to canvass the returns of the election, which was the work in hand. It was done quickly for every return was properly verified and no delinquent election officer of either place was found.  
Such a condition was unprecedented in the history of local elections and was due to the vigilance of the City Clerk, who had the returns of the election brought to the City Hall last Thursday night to direct who and how the officials were to make proper returns.

The official figures recorded by City Clerk Leland are:  
Los Angeles—For consolidation, 11,597, against 234.  
San Pedro—For consolidation, 726, against 234.  
The affirmative total of Los Angeles is five votes less than the unofficial total, 11,592.  
Six Los Angeles Councilmen—Pease, Clamplitt, Wallace, Wren, Healy and Leland—present, with the entire Board of Trustees of San Pedro—Joseph Walton, G. H. Peck, M. Duffy, N. Tilton and P. D. Foot.  
After the canvass had been completed in legal form to the satisfaction of the City Attorney, he spoke, by invitation of Councilman Wallace, to the consolidation of the two cities. He said that the consolidation of the two cities was not an effort for mere greatness or additional territory, but that the purpose of it was to build a great harbor was a thing that could be rigidly kept. Other speeches were made by Wallace, Healy and Pease, and by Trustees Peck and Walton, and City Attorney Steiglitz of San Pedro.  
For the present the officials of both San Pedro and Wilmington will continue to exercise authority until the plans of the City Attorney for a change of authority one week from today are completed. The certified returns of both elections will be sent to the Secretary of State Friday, probably, and it is hoped to have the certificate of their recording returned by Monday. This will clear the decks for the assumption of jurisdiction by the Los Angeles Council next Tuesday.  
The first application for a license under the new regime is C. D. Callahan, a naval engineer of the harbor region, who asked the Board of Public Works for the job of designing a connecting ferry system between San Pedro and Terminal Island. Callahan, in a letter to the board yesterday, suggests that disaffection with the present ferry system was a large factor in carrying consolidation and that a new one is expected. He also suggests that the applicant be given a license to build the ferry system. The board will set the designing work. The board filed his letter until it has taken up the questions affecting the new ferry system which may require its jurisdiction.

**Bryan of Lincoln.**  
Charles W. Bryan, publisher of the Commoner, of which his brother, William Jennings Bryan, is editor and proprietor, was a guest of Park Commissioners James and Randall yesterday on a tour through the park. Mr. Bryan is a member of the Park Board of Lincoln, Neb., where the Bryans live. He found the park to be a revelation in their tropical character and the profusion and variety of flowers.

**Civil Service Moves.**  
Folding their tents silently, the Civil Service Commission stole from the recall roof yesterday and housed themselves in the Conservative Life building, where a mulla has been engaged. It was not a retreat, however, as the commission is still defying the recall. The commission has been ordered to move out of the building by the City Hall fit quarters for its dignity and besides it wanted room to turn around once in awhile. The room in the Conservative Life building, after the City Electrician, who shares them, is moved up to the garage, and made habitable for the City Attorney.

## TRIALS WOULD BELLS.

Police Justice Would Adopt Northern Magistrate's Method, if Transferred to the Harbor Front.

Since San Pedro came into the fold of Greater Los Angeles, the Police Courts have been agog as to who will draw the place as justice at the port. Each justice has done a lot of speculating as to what he would do if it should fall to his lot.  
The plans of Justice Rose for reforming the unruly wharfingers and longshoremen seem to be the most philanthropic.  
"I was sent down there, I think I'd follow the example of Judge U. S. Crane of Port Angeles, Wash.," said Rose, yesterday. "His scheme was to send out a deputy up North and to worthy of a trial down here."  
"The judge rented an office right down on the waterfront where he could look over the wharf and see when he isn't busy, he sits and fishes. But an occasional case interferes with his sport. When an offender is hauled in by the wharfingers, the judge casts out his line and from the pole in the window. He hangs a bell on the rod. When a fish gets on the hook it causes the bell to ring. When the judge hears the tinkling, he postpones the case until he has landed his fish and set the pole for another one. Then the trial is taken up and continued until the bell rings again."

## MEN OF AFFAIRS IN LOS ANGELES.

President Los Angeles Pressed Brick Company.

## BIRTHDAY OF GREAT CITY PICTURESQUELY OBSERVED.

THE historic old Plaza Church was the scene of picturesque ceremonies yesterday, when the one-hundred and twenty-fifth anniversary of the founding of the City of the Angels was fittingly observed.  
The celebration began with the booming of guns at sunrise, which were fired from the mission court by the venerable Gen. Aguilar.  
Solemn high mass was sung at 10 o'clock in the little church, the altars of which were ablaze with candles, and banded high with flowers and ferns. White-robed acolytes swung the censers, while sweet-voiced sopranos sang Battmann's beautiful mass. Father Caballero was the celebrant of the mass, and delivered the address, which was a resume of events that have taken place since that first glorious day over a century and a quarter ago. He dwelt upon the beauty and climate of the city, and upon the entirety of its citizens, and predicted for it a glorious future. He closed with a prayer, invoking a blessing for the city's future—a blessing even as that bestowed upon its past.  
After the mass a procession was formed, in which men, women and children participated, and the line of march was taken up from the church, through the court, and around the mission cross, where the final blessing was given.  
The afternoon was given over to gaiety and festivity, visitors coming and going to the mission all evening. At 8 o'clock a literary and musical program was given in the patio, which was brilliant and artistic, with hundreds of Japanese lanterns.  
To Mrs. Ida Sanchez is due the credit for the splendid entertainment given by the little Spanish girls, who sang and danced cleverly.  
The numbers given by the Mission Dramatic company were enjoyable, and the sketch written by Raymond Junge, and presented by four young amateurs, was very good. Frank Junge acted as stage manager.  
A small fee was charged for admission to the picnic, and the proceeds will go toward repairs to the old mission.

## AT THE COURTHOUSE. MOTHER WILL GET HER SON.

**LITTLE JOHNNIE TAKEN FROM FATHER'S COMPANION.**  
Sent East in Care of Special Guardian, and Boy is Glad to See His Mother. Mrs. Burton Under Questioning is Mum.

Little John Green Mackie, the twelve-year-old son of John H. Mackie, who was taken East last week to answer to a charge of embezzling the funds of his grandmother, Mrs. Jane Green, started for the East last night in the Owl, in the custody of Henry J. Hoffman, an attorney, who had been deputized by Judge Wilbur to deliver the boy to his mother, Bertha Mackie, in Cincinnati.  
The lad said he had no particular desire to return to his mother, but admitted that he did want to see his building.  
"Say, he is a Boston bull, and a beauty," said the child, his eyes beaming with delight. And as he left the courtroom, Johnnie turned to Lucille Burton, the companion of his father, in whose custody he had been for a number of weeks, and kissed her fervently. "Good-by, Lucille," he shouted, and was gone.  
It was intended to send the boy East in the custody of Prof. Clark Wells Chamberlain of Yassar College, who has been engaged in scientific work under the auspices of the Carnegie Foundation, but the plan was abandoned when it was learned that Chamberlain would have been disarranged in his itinerary, as he proposes going to the British Scientific Association, and it would have been out of his way to take the lad if the court asked him to do so.  
Lucille Burton, the alleged "affinity" of John H. Mackie, was the chipperest individual in the courtroom while the matter was being adjusted. She described the arrest of the boy and herself with great glee, and laughingly said:  
"Why, don't you know that if we had done up the case, the officers would have simply gone up to San Fernando and taken the train there. I intended taking the boy back to his father, and purchased two tickets. It is all very funny."

When asked to talk about Mackie she shut up like a clam and refused to say a word. "It will all come out in the trial," she said. "That will be time enough."  
Henry Steier, who assisted Miss Burton and the boy in the attempt to make their get-away Sunday night, was with the woman all day. It is said that he furnished money for the transportation at the request of Mackie, and that the tickets were purchased in the name of Mrs. Stewart. Miss Burton stated that she hoped to get away from Los Angeles some time today.

## LOWMAN TRAGEDY.

**FINAL ACT IN PROBATE COURT.**  
In the petition of Sheda Lowman, filed in court yesterday, for letters of administration upon the estate of her mother, Amy Lowman, appears the last act in a tragedy that wiped out all but one of a well-known Los Angeles family.

I. L. Lowman, a prominent Spring-

## EXECUTION STAYED.

**MRS. DRIGGS AWAITS APPEAL.**  
Gertrude Driggs, the convicted forger, will remain indefinitely in "four midst." The clever woman will not see the inside of the grim walls of San Quentin until the Court of Appeals has an opportunity to pass upon her case, and that means she will spend the summer and at least the early fall in the Los Angeles County Jail.

Judge Davis yesterday, signed the certificate of probable cause, which acts as suspension of the execution of the five-year sentence imposed by that court last Saturday. The work of perfecting the appeal will now go on, and the Driggs case will take its place on the calendar of the higher court, to be disposed of in its turn.  
Mrs. Driggs is the second prisoner whose sentence was suspended. T. J. Garwood, the hold-up individual, sentenced by Judge Wilbur to San Quentin for the remainder of his natural life, is awaiting the disposition of his case by the Court of Appeals. The brief was printed and filed only a week ago. Garwood was convicted about three months ago.

## PREJUDICE CHARGED.

**COURT DENIES PETITION.**  
Judge Wilbur and a jury are hearing the complaint against Clarence Miller, a young man who is charged with contributing to the delinquency of Lulu Murray. An effort was made to have the case transferred to Judge Mosier, the defendant alleging in a petition filed in court that Judge Wilbur had expressed an opinion in regard to the guilt of the accused, but it was unsuccessful. Judge Wilbur, upon oath, stated that he had no sort of prejudice against Miller, but would fulfill his duty as a judge and try the case so far as both the law and the accused was concerned.  
Lulu Murray is the young woman who was before Judge Wilbur last week in the case involving the actions of Frank Rastetter and Clai Miller with Ethel Michel and her sister. The complaint now on trial arose some time before the girls were sent to the Detention House.

## WANTS A LICENSE.

**ARRESTS WRIT OF MANDATE.**  
C. B. Sheldon of Sawtelle filed an action in the Superior Court yesterday against G. W. Peck, president of the Board of Trustees of that city, asking that a writ of mandamus be issued compelling him to sign the grocer's license of the plaintiff.  
It is alleged that in September, 1925, the Board of Trustees of Sawtelle passed an ordinance providing for the issuance of grocer's licenses, at a certain rate per annum; that the plaintiff opened a grocery store on the west side of Tenth street, between Arizona and Nevada avenues, and paid \$1.50, the amount due for the unexpired portion of which which said license was granted; that the City Clerk failed to issue the license, but that Peck refused and neglected to sign the same.

## COURTHOUSE NOTES.

**BREVITIES MISCELLANEOUS.**  
INCORPORATIONS. Papers in the office of the County Clerk, yesterday: College Heights Orange Association, capital stock \$50,000, by A. W. Rickard, president, and J. L. Loveland, Frank Wheeler, L. D. Smith, W. B. Bender and E. L. Drengert. Incorporated by J. E. Blackburn, E. R. Keller, John S. Ellis, D. L. Lingley, J. C. Duggan, J. C. Duggan, E. C. Cupp, Consolidated Farms Company, capital stock, \$50,000, by C. A. Mearns, J. C. Duggan, L. D. Davenport, E. C. Danforth, W. W. Brier, C. E. McElroy and George Nowlin.

**DAMAGE SUIT.** August G. Mayer, guardian of August Mayer, has brought suit against the Cudahy Packing Company, for \$5000 damages. It is alleged that the company's employees, while on duty, killed a horse owned by Mayer, and that the company refused to pay for the loss of the animal.

**WANTS POSSESSION.** Paul Edwards has asked the court to give him possession of the premises, No. 1114 South Union, avenue, alleging that Della Rawley had in her right of the premises, and that he was running from February 1, 1924, to January 31, 1925, the premises, at the rate of \$200 a month in advance for the first year.

**MINING STOCK DEAL.** J. T. Smith brought suit against Mirt J. Gelsinger, yesterday, in an action involving a mining deal, and praying for judgment against Gelsinger for \$10,000 damages, and for the return of the mining property.

**WRIT DENIED.** Judge Davis yesterday, denied the writ of habeas corpus, in behalf of L. C. Whaley, in jail on the charge of obtaining about \$5000 under false pretenses in a real estate deal in Monrovia. It was alleged that Whaley was being unlawfully detained, but the court did not coincide with that view.

**GUARDIAN NAMED.** Judge Wilbur yesterday appointed T. C. Turner guardian of the person of George Polkinghorn, minor children of William A. Polkinghorn, and a bond of \$1000 was required.

**FORECLOSURE LAND CONTRACT.** In the Superior Court yesterday, J. S. began an action against J. Q. Anderson, praying for the foreclosure of a land contract. It is alleged that in February, 1924, the plaintiff executed a contract with the defendant, for the sale of a piece of property on New High Road, in the city of Los Angeles, and that they are in default payments aggregating \$30,000. The prayer of the petition is that the defendant be decreed to be in default and to forfeit all right in the premises.

**SMALL ESTATE.** The will of W. L. Canfield, who died August 10 last, was filed for probate yesterday. It disposed of an estate worth \$5000, and it all goes to the wife, Carrie J. Canfield.

**GETS RID OF FLEAS.**  
But Fire Department Helps, and the Property Loss Might Have Been Heavy.  
Manuel Holquin's belief in the old saying, "Cleanliness is next to godliness," threatened the heart of the business district with destruction by fire yesterday.

Holquin is the janitor of the block at the northwest corner of First and Spring streets, and incidentally has sleeping quarters in the building. Fleas got in his bed Sunday night, and yesterday morning he determined to rid his room of the pests.

While he was vigorously squirting an inflammable exterminator about the room he stepped on a match. The flames shot up, and Holquin ran out to summon aid.

The fire department extinguished the blaze after about 1500 damage had been done. The building is owned by Schumacher Bros. photographers.

## THE INFERIOR COURTS.

**SINGLE JUSTICE HAS TROUBLES.**  
FORTY-ONE DRUNKS ON HAND AND THEN SOME.

Three Heads of Police Courts on Vacations, but Rose Struggles Valiantly With the Grist of Offenders. Alleged Check-kitter Held for Examination—Peace Disturbers.

"What is a Police Court without a judge?" was the popular air at the Central Police Station yesterday. Although there are four regular justices, fate contrived so that there was no one present to handle the current work of the week.

It was Justice Chambers's turn to have all of the offenders taken before him for arraignment this week. He has been on his vacation, but failed to connect with a train so that he could reach the city in time to sit today.

Justice Frederickson has just left for a month's outing. Unconscious of the fact that his judicial presence was greatly in demand, he was struggling with the golf links of Catalina.

There were no cases set for trial in Justice Williams's court yesterday, and in consequence he did not put in an appearance.

Justice Rose was having troubles of his own, having several cases to dispose of, and he was accused of throwing overboard an officer who was keeper of Bell's yacht pending attachment proceedings. According to the evidence, F. Lichner, the keeper, submitted to a technical eviction from the Aloha, Bell's yacht, after she left her anchor point, that even if the officer were ejected from the boat, the supposed occurred outside the county, as the yacht was on the high seas at the time.

The court held that an offense, if attempted to be committed within the county, was consummated outside the county, it was in the county as far as the jurisdiction was concerned.

At another point in the proceedings Justice Ling rendered the section of the Code of Civil Procedure which provides that no case be set for trial without an attachment, and that a bond of \$100 must be given, did not apply to justice court cases. He maintained that a writ could issue in such a case and that the attachment was good upon any vessel found within the three-mile limit of the shore.

In summoning the jury the constable of Justice Ling's court did not allow to act, as he was interested in the Bell case. The venire was given to a deputy from another court. It is said he became tired before he secured the fortieth jurymen and inserted his own name as the last man to be summoned.

When the court had the jurymen called to the depots of course did not respond to his name. A writ of attachment issued, but the deputy was not haled before the magistrate, as a jury was obtained without difficulty. As the rights of the defendant were not prejudiced in any way, the court evidently found it possible to pardon the indolent deputy and did not summon him to appear to "show cause," etc.

**FEET IN EVIDENCE.**  
Chamberlain Frightened, but Prisoner Declares He Only Forgot to Go to Bed.  
"I forgot to go to bed," Gene Sarvent told the police, when they pulled him out from under a cot in a rooming-house at Ferguson alley and Alameda street yesterday. A chambermaid, who had entered the room, was badly frightened when she saw his feet protruding, and called the officers. Sarvent declares he rented the room, but the landlord disagrees with him. Sarvent is being held in the City Jail while the police investigate his record.

**His Bail is Forfeit.**  
W. M. Miles, a negro, failed to appear in Police Court yesterday to answer charges of disturbing the peace, and his bail of \$15 was declared forfeit. Miles is accused of having made loud and unusual noises Sunday night, quarreling with his wife at their home, Thirty-fifth Place and Normandie avenue.

**Policeman Took Him Up.**  
R. Alagar's challenges to all comers are right, Sunday night, resulted in a policeman throwing him in the tank.

**Bel's Yacht "Soaked."**  
Justice Rose remembered Pat Britt's former convictions for being intoxicated when the materials came up before him yesterday. Britt was sent to the workhouse for ten days so that he could sober up. The cases of forty others charged with drunkenness were disposed of by the justice.

**Pays for His Fun.**  
John Pierce pleaded guilty to a charge of beating up a negro when taken before Justice Rose yesterday, and was fined \$25. He paid.

**Cruelty to Animals.**  
Howard Purnell rented a horse with a sore back to two boys Sunday. An officer unhitched the horse and arrested the owner. Purnell pleaded guilty to the charge of cruelty to animals and was assessed \$15. Sam Tyne and Thomas Gorman were charged with similar offenses, having driven animals unfit for use. They were fined \$5 and \$15, respectively.

**NOT TAKEN SERIOUSLY.**  
Bell Acquitted of Misdemeanor Charge of Throwing Overboard an Officer in Charge of His Yacht.  
F. M. Bell, who has figured in several sentences within two years, was acquitted last night on a misdemeanor charge by a jury in Justice Ling's court. He was accused of throwing overboard an officer who was keeper of Bell's yacht pending attachment proceedings. According to the evidence, F. Lichner, the keeper, submitted to a technical eviction from the Aloha, Bell's yacht, after she left her anchor point, that even if the officer were ejected from the boat, the supposed occurred outside the county, as the yacht was on the high seas at the time.

The court held that an offense, if attempted to be committed within the county, was consummated outside the county, it was in the county as far as the jurisdiction was concerned.

# FITZGERALD'S Triple Discount Plan

AND WHAT IT MEANS TO THE PIANO BUYER

523 Broadway We have set ourselves the task of selling 1200 Pianos a year in the local territory—100 a month. We can do

it only by unusual methods, strenuous price-cutting and easier payments than were ever before quoted. Our present campaign must close out 10 carloads of beautiful pianos. We are going to demonstrate that we can make our August business equal December's. Our triple discount plan is the greatest piano-selling proposition ever devised. It is genuine. It is simple. It makes piano buying the easiest thing in the world.

Read how you can save on such fine instruments as Hallet & Davis, Mehlin, Ernest & Sons, Gabler & Bro., Steger & Sons, Krell, Henry & S. G. Lindemann, Linger, Royal, and more than a dozen other makes. You know these makes, you know they represent the best in piano making, you know that our success has been built by selling reliable pianos. Read these facts, then come and choose your instrument.

**DISCOUNT NO. 1** Every piano in the store is priced to sell NOW. Over 400 of the finest instruments to select from. Pianos that sell regularly at \$325 to \$450 can now be bought for \$192 to \$232. Understand that these are genuine reductions. For similar quality in other stores you would pay more than our regular prices. In addition to our Emergency Sale Cut Prices we offer you the advantages of two more discounts. Read further:

**DISCOUNT NO. 2** We make your first payment of \$50 on the piano you choose. The coupon printed in this advertisement has a real money value of \$50 when applied on a piano bought in this sale. This means that our regular \$500 piano, marked now at \$418, would cost, if you present the certificate, but \$368—on very easy terms—and this is not all—read about discount No. 3:

**DISCOUNT NO. 3** If you desire to pay any money down in addition to the Certificate, we will give you a receipt for \$5 for every \$1 you pay up to \$25. Sit down and figure out how much money you can save. This table of examples will help you:

Present a \$50 Certificate and get a receipt for .....\$50  
Present a \$50 Certificate, pay \$5 cash, and get receipt for .....\$50  
Present a \$50 Certificate, pay \$10 cash, and get receipt for .....\$50

**ONE MILLION DOLLARS FOR A GOOD STOMACH**  
This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others. Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element—to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25c, only at our stores, or by mail. The Owl Drug Co., 230 So. Spring St.; Fifth and Broadway; 629 So. Broadway.
